

Lithofin KF Shower Cubicle and Bath Cleaner

Description

Ready-to-use, self-acting cleaner with active, high-quality cleaning components. Cleans effortlessly, has a pleasant smell and can be rinsed off with water without leaving any residue.

Features

Lithofin KF Shower Cubicle and Bathroom Cleaner removes limescale and water stains, soap residues and stubborn dirt. It works automatically, leaves a clean shine and spreads a fresh scent. Renewed limescale build-up is significantly reduced.

Technical data:

Density: approx. 1.0 g/cm³

pH: < 2

Appearance: clear, yellowish

Smell: fruity, fresh

Solubility in water: very good

Scope of application

For cleaning shower cubicles and walls made of plastic, stainless steel and glass, for shower curtains, ceramic tiles and fittings. Regular use makes the maintenance cleaning of shower cubicles effortless.

Note: Not suitable for polished marble and limestone.

Processing

Set the nozzle of the sprayer to >spray< Spray Lithofin KF Shower Cubicle and Bathroom Cleaner onto the surface. Leave the foam on for a short time and rinse with water. After use, turn the nozzle to >closed<. For stubborn dirt, repeat the process or provide mechanical support with a hard sponge or cloth.

Please note: Do not allow to act on sensitive surfaces, such as polished marble, delicate tile decors, enamel, copper, bronzed fittings and plastics such as nylon, etc.

If there is no experience and in all cases of doubt, try it in an inconspicuous place beforehand.

Coverage: Up to approx. 50 m²/litre depending on the severity of the soiling.

Storage

Closed, standing, can be stored for up to approx. 4 years.

Environmental protection

The surfactants are biodegradable in accordance with Regulation (EC) No. 648/2004 (detergents regulation).

Disposal: The container is made of environmentally friendly polyethylene (PE) and is recyclable. Rinsed containers can be disposed of and recycled via the recyclable material collection system (see note on label).

Security
