Green by Lithofin Daily Care Cleaner

Green by Lithofin products are high-quality cleaners designed on a plant-based biodegradable formula. The traceable origin of certified ingredients allows us to declare cleaners of this product line as vegan, GMO free and microplastic-free.

Green by Lithofin Daily Care Cleaner is a cleaner concentrate formulated on plant-based ingredients. It is suitable for all floors and leaves them streak-free. Designed with hypoallergenic fragrance for natural freshness.

Technical Data	
Density: approx. 1,0 g/cm ³	Appearance: liquid, blue
pH-Value: approx. 10,2 (concentrate)	Odour: perfumed

Field of Use

Green by Lithofin Daily Care Cleaner is essential for those who care about plant-based cleaning products. Suitable for use on all water-resistant floor surfaces for streak-free results. Appropriate for fine stoneware, ceramics, glazed tiles, glass mosaic as well as polished surfaces.

Please Note: In case of stronger dirt deposits, we recommend Green by Lithofin Deep Cleaner.

Directions for Use

Add a small amount (approx. 10 ml) per 5 litres of warm water. After wiping, allow the residues to dry on the surface, do not rinse with clear water. Use either a floor mop, cloth or cleaning machine for wiping. For highly polished dark floors, a dry buffing with a soft cloth will keep them shiny.

Coverage: Green by Lithofin Daily Care Cleaner is a high-yielding concentrate and very economical.

Storage

Closed, upright, cool, up to 3 years.

Environmental protection

The surfactants are biodegradable in accordance with regulation (EC) No. 648/2004 (detergents regulation).

Disposal:

The container is made of recyclable, environmentally friendly polyethylene (PE) and is recyclable. Rinsed containers can be disposed of and recycled via the recyclable material collection system (see note on label).

For information on labelling, transport and disposal, please refer to the safety data sheet.

Packaging

a) 1 litre bottle with child-proof cap (10 per box)

Please note that the environmental and safety information applies to the (concentrated) product in delivery form. If dilution is appropriate for the application, the classification may change. This information can and should only provide non-binding advice. The use of the products must be adapted to the local conditions and the surfaces to be treated. If there is no experience and in all cases of doubt, the product should be tried out in an inconspicuous place beforehand. (EN1.26/9.25)
